Dear Parents/Carers,

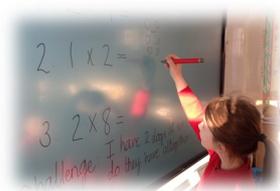

It has been another busy week this week at both schools.

This week our **Year 6s** took part in **Barclay's Code Along**. The children worked together on coding projects. We were really impressed with the skills of the children and the end results of their projects. **Please visit our twitter page to see the end results!**

Infant pupils continue to have fun using their new interactive whiteboards. They used the boards to help them **interact** with **learning programmes** across all subject areas.

A huge **thank you** to all of the parents who **park and stride** when collecting and dropping their children to and from school. Unfortunately in our **Junior school** we have had **reports** from locals of parents **parking inconsiderately**. We remind all parents **not to park over driveways**. We appreciate that our schools are on narrow roads with limited parking, however there are many **backstreets where you can park and walk your child to the school gates**. Alternatively, use public transport or walk. It is better for the environment and helps to keep you and your child/children **fit and healthy**.

We have published a date for **individual pupil photographs** that will be taken at both schools on **Tuesday 25th January 2022**. After school the photographers will be based at the junior school if you have a child in both our infant school and junior school and would like a **sibling photo of them together**. We ask that **all children wear their full Winter Uniform**.

Have a lovely weekend

Have a lovely weekend.
