

Year 3

Singing Games

Singing games are played for fun. They can also be used as a way of learning information. Singing games help us to learn how to sing and remember melodies and patterns.

Singing games are a part of many cultures and they are often learned at a young age. Children learn how to coordinate actions with lyrics.

Singing games also include chanting, which is speaking in rhythm. Singing games are easily adaptable. As a result of this, there are often more than one version of a game.

Songs and games explored in this topic
