Dear Parents/Carers

As you know, the Infant and Junior Schools were both recently inspected by Westminster Diocese. This Religious Education Inspection takes place for all Catholic schools and looks at the Catholic life and Mission of the school, the Religious Education teaching and learning and Prayer and Worship taking place.

We are delighted to now be able to share the outcomes from the Inspections and the published reports are available on the website. Both schools are considered to be 'Outstanding' in their Catholic Life and Mission and the Prayer and Worship provided. The Religious Education provided is also of a high quality, with 'Good' and 'Outstanding' outcomes recognised.

Each school has its own unique identity number, this means each school also has its own separate inspection report. However, as both reports make clear, The Federation of Annunciation Catholic Schools has a shared vision, mission and expectation of the Catholic life and experiences, religious education and prayer offer our children receive on their faith journey.

The Inspectors who visited were deeply impressed with the children and commented on their exemplary behaviour during lessons and in their relationships with each other and adults. We are incredibly proud of the children and that the Inspectors recognised how they successfully live out their mission to "Be who God meant you to be and you will set the world on fire" and care for others as Jesus taught us to.

The reports are a wonderful achievement for our entire school community and a reflection of the hard work, commitment and partnership between schools, home and the parish. Thank you to our children and families and our dedicated staff and governors for making The Annunciation Schools such a special community where we work together to support the children in all aspects of school life.

Best wishes,

Mrs Mwangi
Chair of Governors
